Would you like to gain a qualification in risk and safety management within high hazard industries?

Would you like the opportunity to improve your career prospects and your remuneration?

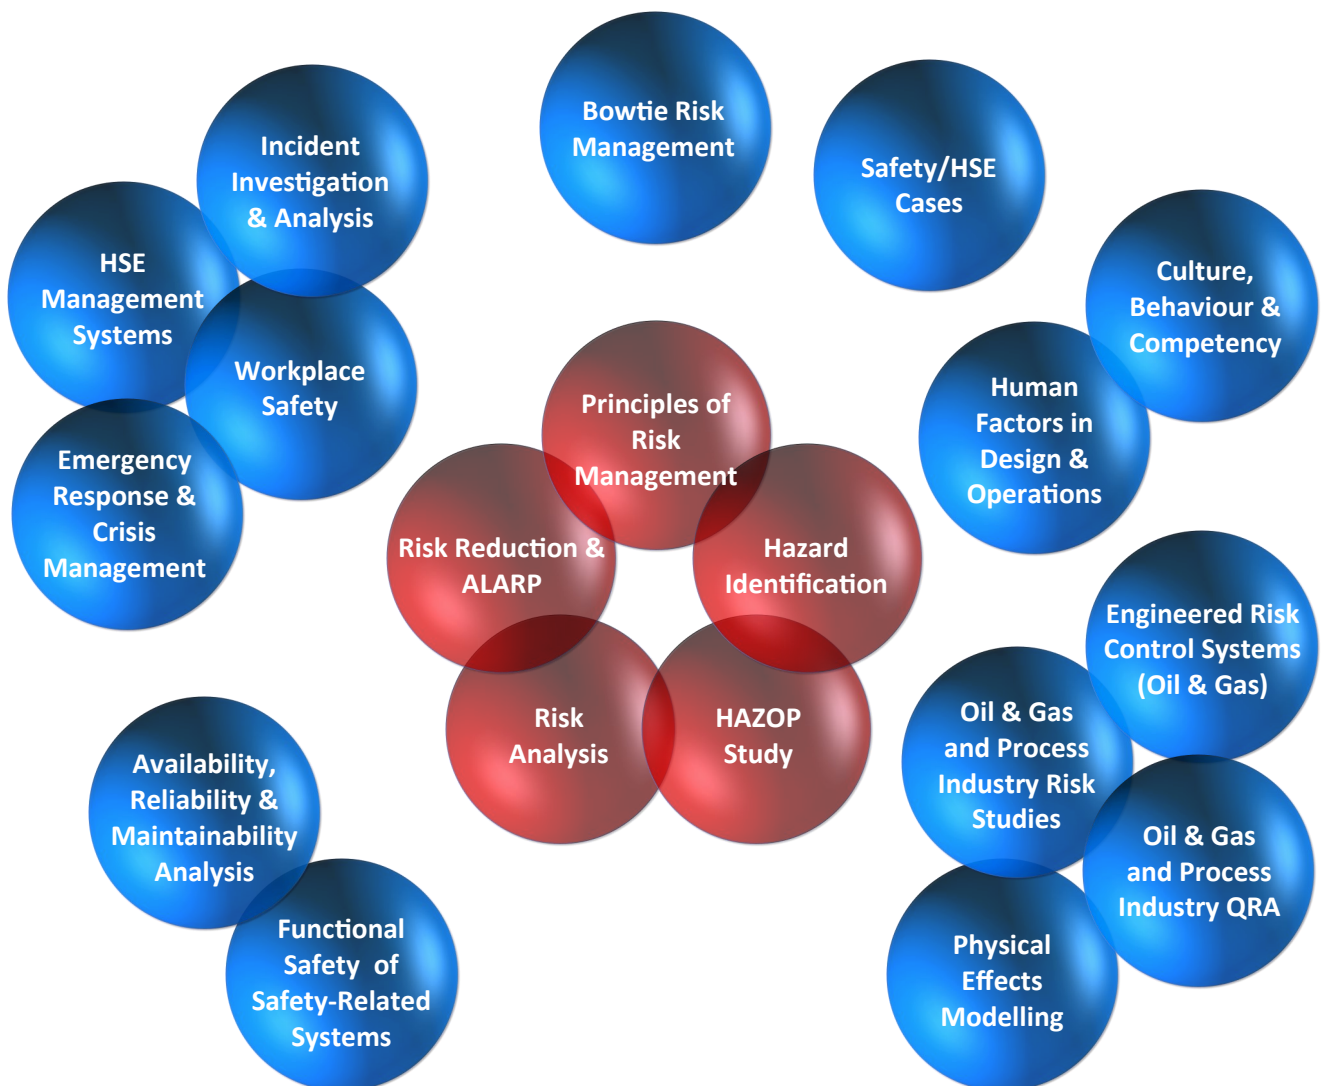

Do you struggle to fit study time into your busy life?

Are you concerned about price?

Risktec offers the solution...

- Designed by practising consultants in the high hazard industries
- Delivered via our virtual learning environment **Risktec Online**
- Each module typically comprises 150 slides, explanatory notes, 10 activities, 2-3 videos, further reading and useful websites
- Averaging 15 hours of part-time study per module
- Same content as Risktec postgraduate qualifications but lighter assessment
- Practical learning relevant to industry and the situations you are likely to encounter in the real professional world.

The Modules

RAC £1,875 **RAD** £3,175 **RAM** £3,975
